

FIRE DESTROYS HOT SPRINGS

FIFTY CITY BLOCKS DESTROYED WITH LOSS OF \$6,000,000

STRIKE ON THE TENNESSEE GROWS RICHER AND BETTER

The strike recently made at a depth of 66 feet on the Tennessee claim in the Douglass camp by Herbert Towers and Roy Lennon is getting richer and bigger with development. A shipment of pictures are now being sacked. The ledge is five feet in width and shows up strong and well defined and has all the earmarks of permanency. It is reported that four feet of the vein will average in the neighborhood of \$200 per ton, while a six inch streak running through the vein and from which they are sacking, is regular.

JEROME TO GET FULL LIMIT FOR PLAYING POKER

CANADIAN JUSTICE NOT GOING TO STAND ANY MONKEYING BY YANKEES.

(By Associated Press.)
COATCOOK, Sept. 6.—Jerome was bitterly denounced today by Justice of the Peace McKee, when his lawyers asked that the hearing of the gambling case be postponed. McKee said he would punish him to the full extent of the law.

"He can't come here and play cards before our children," he said. "This may be a suburban town, but we intend to enforce the laws."

He finally put the case over to September 11. Thaw was soreheaded last night by the Coatcook band, which played beneath his window while the crowd shouted three cheers.

GOLDFIELD TO TRY TONOPAH FOR 3 GAMES

CHAMPIONSHIP HONORS WILL BE DECIDED ON THE LOCAL DIAMOND.

Tonopah fans will have an opportunity to witness a good ball game tomorrow at 2 p. m. at Recreation park, when a picked team from Goldfield will journey to Tonopah and try conclusions with the local boys. Goldfield was badly beaten at the last game between the two teams and has materially strengthened their line up and expect to win back the laurels they lost some weeks ago.

They will have to go some, however, with the following line up of the local boys: Darrah, catcher; Prout, pitcher; McDonnell, first base; Hunter, second base; Crosby, third base; Hopkins, center field; Hatton, right field; Peck, left field; Spitzer and Morse, substitutes.

This is the first game of a series of from three to five games, depending upon the support afforded the local club. Everybody come and lend the local boys both your financial and moral support.

W. E. JOHNSON, GOLDFIELD
BANKER OF SAN FRANCISCO

According to a report in the San Francisco Bulletin, W. E. Johnson, vice president of the John B. Cook of Goldfield, has been elected vice president of the Merchants National bank of that city and Robert Oxnard, sugar magnate, president. This change is said to be due to Wingfield buying in. The Merchants National has deposits of \$5,700,000.

THIEF TRAPPED BY THE OWNER OF STOLEN AUTO

MIDNIGHT MARAUDER OVERTAKEN BY MANHATTAN MINE OPERATOR.

Tom Kendall has acquired quite a reputation for sleuthing since he recovered his motor car after it had been stolen from the rear of the Kendall rooming house on St. Patrick street Thursday night.

Tom has the reputation of being an early sleeper and according to custom retired to his room in the cool of the evening, leaving his machine in the street just below his window where he might keep an eye on it at any time he felt apprehensive. He slept all right until shortly before daybreak when he had a hunch that everything was not going right around town. He may have been thinking of the short water supply and the fire patrol but nevertheless he arose at three o'clock to glance out at the landscape. As his gaze roamed over the desert and back to his lodgings he could hardly believe what he did not see. His motor car was missing.

That was enough. With fire department speed he got into his clothing and darted down Main street in the direction of the Casino where he could see an auto just pulling in under the electric light. Spurring down the street he caught the driver only to find it was the real owner of the machine. Then began a search of the back alleys and side streets with the result that an auto traveling down Water street at slow speed took on a familiar aspect. Tom succeeded in catching the running band and dragging himself aboard the tonneau. The driver was a stranger but the auto was Tom's. He asked a few pertinent questions but before he could catch his second wind the other fellow dropped off the car and Tom was left in sole possession.

When Tom told the story he discovered that one of the fire patrol had innocently lent himself to the abduction of the machine by cranking it for the man who took it away.

STOCKHOLDERS FAIL TO REDEEM WINDFALL PROPERTY

Attorney L. G. Campbell of Winnemucca was an arrival in Eureka by yesterday's train. Mr. Campbell purchased the Windfall property at sheriff's sale in February last for M. J. Hardigan of Chicago, and his visit here at this time is probably in connection with that matter. The time for redemption of the property by the stockholders expired Monday, August 25, and as Sheriff Mahoney has received no notice of any action being taken, the official transfer to Mr. Hardigan will no doubt soon be asked.—Eureka Sentinel.

PANKHURST COMING TO UNITED STATES

(By Associated Press.)
NEW YORK, Sept. 6.—Mrs. Emmeline Pankhurst has arranged to sail for the United States October 4. She will speak here October 21.

West End Hits a High Mark On Report of Large Earnings

On the report of the net earnings aggregating \$55,000 last month West End soared to \$1.52 1/2 with numerous buying orders coming in from home talent. San Francisco bought freely and the whole market took an upward turn. Rumor also had it that North Star would show net earnings of \$20,000, but the rail birds preferred to wait for the official report to see what President & Zedig chose to announce. Tuesday in Admission day, so there will be no San Francisco market. New York will be open.

This morning the Belmont sent out the largest shipment of bullion ever billed from Tonopah, beating their own last and previous records. The clean up for the last half of August was represented by 195 bars, weighing 213,000 ounces, equal to seven tons 609 pounds, of an estimated value of \$164,000. This is 31,870 ounces in excess of the previous shipment for the first half of August.

The West End also made a record by sending out a total of \$77,370 for the month.

During the week Tonopah Mining company sent to mill 3000 tons; Belmont, 2345; Montana Tonopah, 1048; Tonopah Extension, 1135; West End, 925; MacNamara, 578; Jim Butler, 250; North Star, 560; Tonopah Merger, 350; Halifax, 115; Midway, 50; making the total production for the week 10,356 tons, the estimated value being \$249,630.

MASONS RECEIVE GOLDFIELD MEN WITH WARM WELCOME

THIRD DEGREE CONFERRED BY VISITORS FROM MONTEZUMA LODGE.

Tonopah lodge, No. 28, F. & A. M., greeted four score visitors from Montezuma lodge, No. 30 last night at Masonic hall where the visitors put on the third degree in the most impressive manner. James Nesbit was the candidate and after the degree work both visitors and hosts sat down to a luncheon that furnished an opportunity for an expression of sentiment by well known speakers.

Adams E. Prown was the chief speaker and was succeeded by Brother Armstrong, a former clergyman, but now a resident of Goldfield, who told of the enjoyment derived from 54 years spent in the ranks of Masonry. Mr. Armstrong is 82 years of age and his remarks were listened to with rapt attention as he is one of the few Masons who can boast of a life membership which in this case, comes from his Michigan lodge.

An interesting feature was the discovery that D. C. Ryckman of Tonopah had held a charter membership in the Goldfield lodge for four years without ever having sat in the lodge. Brother Oakley, formerly worshipful master of Montezuma, at the time the lodge was instituted, was present last night and met Mr. Ryckman for the first time.

The meeting last night was presided over by David F. Aspland, worshipful master of Montezuma lodge.

CLIMBING OVERWHELMED
HOST OF NATIVE INDIANS

(By Associated Press.)
SIMLA, India, Sept. 6.—One hundred and fifty native men, women and children were drowned today while fording a river on their way to attend a fair by a sudden flow of water from the mountains.

DO YOU?
YES, WE MEAN YOU.

Do you ride on a local train when you can get a fast express?

Do you write when the telephone is at hand?

Do you walk when a fast street car is available?

Do you light your house with candles when you can use electricity?

Certainly not!

But—

Do you get the full service out of this your favorite daily newspaper?

Do you know that the so called news of the day, the social events, the sports, the disasters are only one side of it?

Do you realize that often the things of most immediate and personal interest to you are told in the advertising?

The advertising columns of the Bonanza are as much a creature of public service as the telephone or fast express.

They bring opportunity to your threshold—open the door and let him in.

SHIRT WAIST PARTY ELKS ON THURSDAY

REINFORCED ORCHESTRA FOR NEXT SOCIAL OF THE BEST PEOPLE ON EARTH.

Next Thursday evening the Elks will hold one of their semi-monthly socials of the shirtwaist order which have been so popular throughout the warm weather and the committee desires it to be understood that there will be extra music to render the event more attractive than usual.

The Elks entertainments have always been famous for their sociability and the members have always been generous with their invitations. This will be the first dance of the fall season, and a large attendance is expected. The days may be warm but the nights are cool enough to make dancing enjoyable.

TWENTY-FIVE HUNDRED HOMELESS MARTIAL LAW PROTECTS VICTIMS ALL BUSINESS AT A STANDSTILL

HOT, SPRINGS, ARK., Sept. 6.—SIX MILLION DOLLARS IS THE ESTIMATED DAMAGE CAUSED BY A FIRE THAT SWEEPED FIFTY CITY BLOCKS LAST NIGHT.

TWENTY-FIVE HUNDRED HOMELESS ARE CAMPED IN THE RACE TRACK. MAYOR MCLENDON HAS ACCEPTED FROM GOVERNOR HAYS THE OFFER OF TWO COMPANIES OF MILITIA.

A MASS MEETING WILL BE HELD LATE TODAY TO DECIDE WHETHER TO APPEAL FOR AID TO OTHER CITIES. THERE IS NO DANGER OF WATER FAMINE. SALOONS ARE CLOSED AND BUSINESS IS AT A STANDSTILL. THREE NEWSPAPERS ARE UNABLE TO PUBLISH FOR LACK OF POWER.

GETS SIX MONTHS FOR CARVING A BRIDE TO BE

END OF VICARIOUS COURTSHIP IN THE COURT OF JUSTICE DUNSEATH.

John Boyavich has been registered among the boarders at Hotel Malley with the understanding that he is going to be there for not less than six months.

Justice Dunseath issued the commitment on the strength of testimony taken yesterday in the assault charge preferred by Petra Malleshich, formerly of Chicago and previously from the old country, who came out to the desert for the purpose of entering into a matrimonial contract with the defendant. John is 47 and Petra admits 25 summers, but she would not have anything to do with the proposed marriage, let alone contracting marriage.

It is not strange that John got angry when he contemplated the wedding ring which his good money had purchased and found himself without a bride to preside over his household. The more John considered the case the hotter he grew around the collar with the result that he carried the lady across the face. The latter was taken to the county hospital pending the hearing, and when she told her story, the court expressed himself rather freely on the ungentlemanly conduct of John and ordered himself to the county bastille for six months.

At first it was proposed to hold Boyavich for a felony charge but the district attorney thought it would be more economical to change it to misdemeanor and accordingly secured summary hearing.

FIRE IN A CLOSET SOON EXTINGUISHED

SHAD ELLSWORTH FINDS HIS HOME MENACED BY FLAMES.

But for the accidental discovery of a fire blazing in a closet the east end of town might have been swept by fire last night. Shad Ellsworth and wife, on returning from the show found the house on Florence avenue filled with a strong smell of smoke. No fire was in evidence but as soon as the door of a closet was opened a blaze shot forth. Little difficulty was found in extinguishing it and when the fire department arrived the danger had been overcome.

No explanation of the occurrence can be made as there are no wires and there had not been any fire in the house. The loss was trifling.

With the restoration of water service Chief Kelly has dispensed with the chemical wagon and dismissed the fire patrol.

For quick results try the want ad columns of the Bonanza.

Hot Springs is a city and county seat of Garland county, and is one of the most famous sanatoria of the United States. It is situated 55 miles southwest of Little Rock and 307 miles from St. Louis. The location is 600 feet above sea level and is at the eastern base of what is known as the Ouachita range, a branch of the Ozarks. Through the valley runs the Hot Springs creek, starting two miles above into this water, from 47 mineral springs springing from vents in the grey volcanic rock, yielding 830,000 gallons a day.

1877 congress appointed a commission to adjudicate squatters' rights and to lay off the town. Under this act the Hot Springs were reserved by the United States to prevent a monopoly of injury and 911 acres are used as a public park. The government has spent nearly a million dollars in arching the creek, erecting the army and navy hospital, open to soldiers and sailors of the Civil war, and in developing a beautiful system of parks not yet finished. Large sums have been spent on boulevards, walks, artificial lakes, landscape gardening and handsome hot water marble fountains scattered plentifully throughout the city. The grand entrance to Central avenue is a noble architectural feature and the initial point of fifteen miles of drives around the summits of Hot Springs, north and west mountains.

With one exception the springs are all enclosed in solid masonry and the water is conducted by protected pipes to reservoirs near the base of Hot Springs mountain or to the 22 bath houses on and off the reservation. The government maintains a free bathing establishment for the indigent at which over 10,000 bathe annually, over 90 per cent being benefited. The prices of baths and fees are fixed by the department of the interior with severe penalties for deviation.

A handsome city had grown up to house the guests and permanent residents. Along the front of the reservation bath houses and on the slope of Hot Springs mountain, is a fine park of 100 acres with the most elegant buildings facing it. The creek is covered and sidewalks and roadways built over it. Several of the hotels, as the Arlington, Eastman, Park and Majestic were among the largest and best appointed in the country. The population is about 15,000.

Grant Crumley, accompanied by Mrs. Crumley returned this morning from a five weeks stay in Long Beach which Mr. Crumley describes as a perfect paradise after going through the torrid heat of Los Angeles. The latter place was boiling hot without a breath of air and the Tonopah tourists had no desire to prolong their stay.

Coming back the Crumleys took the shore line through by daylight and the trip is said to be one of the finest on the continent with the waves dashing over the train on part of the route.

"There is nothing like Tonopah after all," murmured Grant this morning after he filled his lungs with the cool ozone of the desert. "You may say for me that I have seen more green vegetation since leaving Blair Junction where I woke this morning than I did in all my trip to California. Down there you cannot see anything green. All is burned yellow by the withering rays of the sun which has been blistering the country ever since they had their last shower some time last winter. The whole country is burned and parched beyond belief and it is refreshing to come back here on the desert and find the sagebrush so cool and inviting. You can scarcely believe it, but I assure you that the fields of Southern California along the coast route are just like the streets of Tonopah."

CAMINETTI FOUND GUILTY ON ONE COUNT ONLY

(By Associated Press.)
SAN FRANCISCO, Sept. 6.—The jury in the Caminetti case returned a verdict of guilty on one count, that of transporting a woman for immoral purposes to another state. This is equivalent to a sentence of five years with a fine of \$5,000.

GERMANY WILL NOT MAKE ANY EXHIBITS

(By Associated Press.)
COLOGNE, Sept. 6.—An inspired dispatch from Berlin is published in the Gazette which says there is no ground for expecting the government to alter its attitude for non-participation in the San Francisco exposition.

TEMPERATURE REPORT.

Highest temperature yesterday, 52; a year ago, 65.
Lowest temperature last night, 62; a year ago, 50.

Location notices on sale at the Bonanza office.

GLAD TO ESCAPE FROM THE HEAT OF CALIFORNIA

SOUTHERN NEVADA LOOKS BETTER THAN ANY PART OF THE COAST.

Grant Crumley, accompanied by Mrs. Crumley returned this morning from a five weeks stay in Long Beach which Mr. Crumley describes as a perfect paradise after going through the torrid heat of Los Angeles. The latter place was boiling hot without a breath of air and the Tonopah tourists had no desire to prolong their stay.

Coming back the Crumleys took the shore line through by daylight and the trip is said to be one of the finest on the continent with the waves dashing over the train on part of the route.

"There is nothing like Tonopah after all," murmured Grant this morning after he filled his lungs with the cool ozone of the desert. All is burned yellow by the withering rays of the sun which has been blistering the country ever since they had their last shower some time last winter. The whole country is burned and parched beyond belief and it is refreshing to come back here on the desert and find the sagebrush so cool and inviting. You can scarcely believe it, but I assure you that the fields of Southern California along the coast route are just like the streets of Tonopah."

WILLIE RITCHIE READY TO MEET ALL FIGHTERS

PROPOSES TO CLEAN UP THE LIGHTWEIGHTS AS FAST AS THEY COME.

(By Associated Press.)
SEATTLE, Sept. 6.—Willie Ritchie is prepared to fight all challengers as fast as they come. Ritchie says he will sidestep none with sufficient reputation to warrant a promoter in staging a fight. He is negotiating with Paddy McFarland to meet immediately after Welsh. He proposes to clean the whole lightweight division or lose the title in the attempt.

TEMPERATURE REPORT.

Highest temperature yesterday, 52; a year ago, 65.
Lowest temperature last night, 62; a year ago, 50.
